Dear Chair DeLauro and Ranking Member Granger:

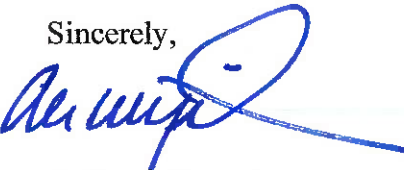

I am requesting funding for the State Road Reconstruction Project in FY 2023:

The entity to receive funding for this project is the City of Medina, located at 132 N. Elmwood Ave, Medina, Ohio 44256.

The funding would be used to extend Birch Hill Drive on the north, to the Wheeling & Lake Erie Railway Crossing to the south. The reconstruction will consist of the removal and replacement of the concrete pavement, new water lines, new storm and sanitary sewers, street lighting, and sidewalks where necessary. The project would be a valuable use of taxpayer funds because reconstructing State Road will assure that the city and region's transportation network will be able to serve the residents and businesses of the city in a safe and efficient way for generations to come.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Anthony Gonzalez  
Member of Congress
